

# eXopod

*Give your books a leg to stand on.*

Sturdy  
Reliable  
Convenient

Packs flat  
Assembles in 1 second  
Designed by an author

Another cool idea  
from Jefferson Smith at  
[CreativityHacker.ca](http://CreativityHacker.ca)

If you like the eXopod,  
please consider buying  
some of my books.

After all, if I can dream up  
this thing, imagine all the  
other weird stuff I've put  
into my novels.

[creativityhacker.ca/jbooks](http://creativityhacker.ca/jbooks)

Assembled dimensions:  
4.9" wide x 4.8" high

Image is to scale. Print it out and use it as a template, or export to your laser cutter.
